FINANCES STRONG DEMAND IS HEAVY

Money Market Here and in Eastern Centers Filled With Features.

LOCAL TRADING IS GOOD

Collections Reported Better Than for Some Time-Women's Wear Holds Up Well.

The financial situation locally is good. Improvements are in progress in Salt Lake City which make such a demand for money that the state banks with the commercial and savings banks, which alone can loan on mortgages, have found a demand they have been scarcely able to meet. The great amount of improvements on the streets and sewers give employment to streets and sewers give employment to many men; so activities in the city were never greater. This coupled with the fine weather, is enabling the beet men to harvest their crops. The rise in the price of butter to 40 cents is but an indication that the farmer and the dairyman are on top. The affairs of the country at large are very promising. Reports are being received of the opening of factories and manufacturing plants in every direction. The prices to which the United States Steel corporation stocks went this week, both corporation stocks went this week, both in the common and preferred, are re-cord prices, an indication of the gen-eral trend of business, as for many years the wire and steel market has been taken as a barometer for business all over the country. And this condi-tion is emphasized by the price to which Union Pacific common stock has reached this week, above 180. From all present appearances, the future is full THE CLEWS LETTER.

In his last circular letter. Henry

In his last circular letter, Henry Clews says:

"The only thing that makes securities look cheap just now is cheap money, which combined with hopefulness are the main factors in support of the stock market. What stocks may do when interest rates advance, as they must with the increasing demand for mercantile credits, cannot be predicted at this time; but it is evident that the lifting power of cheap money cannot be relied upon indefinitely, and it must be realized that this support will grabe realized that this support will gradually disappear as business improves Just now money is plentiful and cheap It must also be recognized that the floating supply of stocks has been floating supply of stocks has been largely concentrated in a few hands over since the panic, and that the holders of these accumulations are anxious to take their profits and lighten their load. This they will do on every favorable opportunity. On the other hand the general situation is very satisfactory. All the known forces are towards recuperation. As a result of recent house cleaning the financial situation is exceptionally sound; and there is nothing in sight to prevent an unusually prompt return of business to the normal, at least in volume if not in profit. Our railroads are exceptionally well situated; some croaking managers to the contrary. Recent depression has brought about many economies that were never dreamed of: ceptionally well situated: some croaking managers to the contrary. Recent upward. depression has brought about many goods shadely appeared to the contrary. onomies that were never dreamed of economies that were never dreamed of: traffic is rapidly recovering, and at the present rate will soon reach last year's volume: rates are being advanced, and if rumored intentions are true railroad revenue will be considerably increased next year from this sonce alone: so that with increases in gross earnings and decreases in expenses, net results in 1909 should be exceedingly favorable." LUMBER.

The lumber trade reports no change movement from last week. Puget Sound mills quoting in this territory, taking advantage of the open-ing of the Portland gateway, is serving to hold Portland prices on a level. That is, were it not for the Portland gate-way, there is no question but that picks for fir would be considerably ad-vanced before this. There has been no change in the price of shingles or pine. vanced before this. There has been no change in the price of shingles or pine. The scarcity of cars is as bad as ever: in fact, it is becoming more and more

SOUR FOOD AND GASSY STOMACH

Begin Today and Rid Yourself of Stomach Trouble Which is a Detriment to the Whole Family.

IS FASILY OVERCOME NOW.

Eat Your Favorite Foods Without Dread of Indigestion or Other Unset Feelings-Five Minutes After Taking Diapepsin You Feel Relieved.

Some people think they have Indigestion, others Catarrah of the Stomach, others Nervousness, Cancer or Dyepepsia, etc. Call it this if you will but the real name for your trouble is Food Fermentation, with only partial digestion. Everything you eat turns to either Acid, Stomach Gas or Stom-ach poison, which weaken the diges-tive organs, causing a lack of gastric juice. Your food sours, is only half digested, and you become affected with loss of appetite, pressure and fullnes after eating, burning sensation, a feeling of vomiting heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nausea, belehing of gas, dizziness, sick headaches, moutal decreasing and many other mental depression and many other common symptoms.
You can cure all this by not eating,

by not putting any food in your stom-ach to ferment; but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman, young or old, whether you call it Indigestion or any other name, go now to your druggist and give 50-cents for a case of Pape's Diapepsin,

Every possible kind of Stomach

trouble is readily cured by Diapepsin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few days' use of Diapepsin your Stomach will again be in good working order, your meals will thor-oughly digest and your intestines will be clean and fresh, and you will have no use for laxatives or liver regu

acute; shipments being delayed, and in some instances being stopped alto gether, through fallure to find cars. HARDWARE.

The hardware trade reports little change from last week, except that collections are better for the last 10 days than during any corresponding period of the year. There is more demand for sheet metal, as iron plate for galvanized work on cornices and general roofing construction, so that in some lines it is hard to keep a suitable supply of goods in stock.

goods show strength, and dealers are finding a good November trade. In fact, they say November trade is generally satisfactory. The dress gingham market is stronger, in the higher priced lines, better orders have been arriving than for months, while staple ginghams are in fair request. In made-up sheets and pillow cases, business has been larger, with prices tending upward. Print cloths remain firm Colored goods are stronger, as in tickings, denlins and plaids. Some lines of duck are selling better, though the market is still far from being clear of this article, with values remaining close. Good business on napped cottons is reported from western dealers, close. Good business on napped cot-tons is reported from western dealers, and a large business has been done on the best known lines of domestic crash-es and towelings. Wholesalers ran their stocks low on these goods, while the over the counter trade has apparently in-

themselves to the Healthy Body of Cas-

caret's success-Imitators, Counterreiters,

pleased people year after year.

There is also a Reason-

able for sleeve and bodice trimmings. The goods are made from fine sheer combed yarn fabrics. There is a lull in the knit goods trade, but winter requirements are far from being satisfied, especially in well made mering goods and sweaters. Fleeced lined underwear has been almost completely cleaned up, so that few mills can guarantee deliveries on new orders for the balance of the year. Hosiery lines con-tinue active. There are many orders in the market for lines of merino and fleece lined hosiery for spot delivery, but few sellers can respond. Prices therefore are firm. Higher prices in silks are predicted as there is a marked shortage in goods, and raw silk is still advancing. There is a shortage in satins both in black and in colors. Taf-fetas in wide goods are also short, while supplies of piece dyed and cotton

more insistent. White goods houses have been visited by many buyers re-cently in search of fine tuckings avail-

backed lining satins have been well cleaned up. Linen prices are marke

RETAIL DRY GOODS. Trade reports business as fair and atisfactory, an improvement on condi-tions of a year ago. Special sales are along various lines, today being one for linens. Dealers say there will be a good Thanksgiving sale on linen and fancy goods. French clunys, renais-sance fabrics, hand embroidered stuffs, dress goods, etc., are proving good sellers. Satins are a marked feature in the retail market, elegant makeups in "smoked" satins attracting much attention in the show windows. Milliners' stocks are finding steady sales, the ratio of sales between the large brimmed and the turbaned hat being 66 per cent in favor of the big hat. Prices are lower if anything this year. The retail stores are making their art departments more than ever a feature, especially for the holidays, with countless novelties. The glove counters are busy. There is quite a little trade in remnants, the cotton lines going readily at 5 cents per yard.

up, as lines are running short and more advances are probable. The bur-lap market is dull, with prices lower,

owing mainly to cuts in freight rates.

His wife is a good old soul, As happy as can be, Each night she takes it in Bowl, Hollister's Rocky Mountain Tea. Godbe-Pitts Drug Co.

BUSINESS NOTES

In spite of the increasing stringency in the money market, which is reflected in higher rates of interest on local loans, the list of stocks holds up surprisingly well. The general movement has been one of advancing prices, rath-er than receding, and sugar stocks again took the lead, at the prices shown below. Advices from the sugar plants state that about 80 per cent of the crop has been harvested and that with another week of fair weather, all the beets will be out of the ground and most of The following are the latest quota-

LIFE INSURANCE

(All questions relating to life insurance will be promptly answered by the Press Bureau of the Utah Asso-clation of Life Underwriters. Address clation of Life Underwriters. Addres P. O. Box 424, Salt Lake City, Utah)

Salt Lake City had for her guests for short visit the past week Mr Henry L. Rosenfeld, assistant to President Paul Morton of the Equitable Life As-surance society, and Mr. Leon O. Fish-er, auditor of the society. Mossrs. Rosenfeld and Fisher were given an in-formal luncheon by the Equitable's parkly appointed general agents. Messrs. newly appointed general agents, Messrs. J. B. Moreton an R. C. Naylor, Thurs-day, at the Hotel Knutsford. The only, at the Hotel Khussford. The following officers and members of the local Association of Life Underwriters were present to meet the gentlemen from the home office of the Euitable. from the home office of the Editade Will G. Farrell, president; M. L. Robinson, secretary; Joseph Meltzer and N. G. Stringham, Much Interest was manifested by the visitors in Salt Lake's vast and rapid improvements tow going on on every side. Also much enthusiasm was shown in the proposed each of the will be prenew insurance code that will be pre-sented to the next legislature for ensented to the next legislature for enactment, especially that portion relating to taxation. Mr. Rosenfeld said: "The proposed bill, as outlined, I believe would become, if enacted into law by your next legislature, a model code for the United States. Your 1909 legislature would go down in history legislatu Both gentlemen proceeded to the coast after seeing Salt Lake City:

From Insurance Views is culled the following: "Prudential certainly made a 10-strike last month in enrolling among its New York staff of solicitors, the great "Christy" Matthewson, star pitcher of the New York glants—aside from the large amount of advertsing thus afforded in all the New York parents it is helicited that this (figures) pers it is believed that this famous athlete will make a good business get

The following note was received by a life insurance company from a widow in acknowledgment of its payment of a death claim: "Gentlemen— Many thanks for check, as I have again been married, I hope to do more business with you before long."

To the ranks of the great army of men and women who are fighting tub-erculosis is to be added the great life insurance companies. This is not surprising when the record of deaths by consumption is known. These vic-tims number almost yearly 138,000, which equals the combined deaths from typhoid, scarlet fever, diphtheria, appendicitis, meningtis, diabetes, cancer and smallpox.

MANILA'S WATER SYSTEM.

Manila, Nov. 12.-Manila's new water Manila, Nov. 12.—Manila's new water system, constructed during a period of three years at an outlay of \$2,000,000, is completed. The water was let loose this afternoon at the source of supply in the Marulna valley and sent coursing on its 20-mile journey to the city. At the invitation of the municipal authori-ties, Gov. Gen. Smith turned the wheels which operate the dam gates and for the first time the mains in the city's streets were filled from the new supply In its 20-mile journey from the high-er altitudes the water is carried part of the distance through a steel pipe line and the remainder of the way in a oncrete conduit. Owing to the difficulties of construction, the conduit in some places crosses streams on high bridges and in other localities tunnels

bridges and in other localities turnels beneath mountain ridges for considerable distances.

The assurance of a supply of pure water for Manila is regarded as one of the geatest improvements made by the Americans during their occupancy of the Phillippine islands the Philippine islands.

The new system was built under the diection of Maj. J. F. Case of Oregon, the constructing engineer.

OBITUARY.

MARY ANN RAND BACK.

The funeral services over the remains of Mary Ann Rand Back were held at the Nineteenth ward chapel on Sunday, Nov. 8, at 12 noon, Bishop Isaac Barton, presiding; a number of old time friends were on the stand, President Nephi L. Morris, Bisnops Christensen and Wood, Elders R. F. Neslen, W. Asper, J. L. Nebeker and William Saunders, Invocation by Elder D. J. Lang. Speakers, Elders Shimmings, J. H. White, A. H. Woolley, Bro. Beesley and A. W. Carlson, Bishop Isaac Barton, Nephi L. Morris and Arthur Parsons, All spoke of the excellent qualities of the deceased as a wife, mother, neighbor and Latterday Saint. It can be said of her there was no sacrifice that Sister Back was not willing to make for the welfare and benefit of her family, friends and Church. Sublime music was rendered by soloists and quartet. The floral tributes gave strong evidence of the esteem in which she was held by all who knew her. She was the daughter of Captain John B. and Mary Ann Rand, and sister of Charles B. Rand, Born Jan. 7, 1857, at Lowestoft, England; baptized in 1855; emigrated to Utah in 1882. Interment in city cemetery. Dedication by Elder John B. Reed. The funeral services over the remains f Mary Ann Rand Back were held at

BEAUTY AND

Cannot Go Together No Matter How a Woman May Try To Make Them.

It does not matter how beautiful a woman may be, if she is afflicted with bad breath she will be shunned and pitied by men and even women wil

studiously avoid her.

If any woman doubts this statement let her make a point of asking a friend in whom she may confide, a man friend or relative. If he be honest he will tell her that foul breath from the mouth of a woman will drive men from her more rapidly than any other personal af-

Foul breath arouses in man disgust and where this quality is brought into play no amount of self-denial or reasoning can overcome the natural repugnance which comes to man when he is in company with such a woman. What is true of bad brεath in woman is not true in so great a degree in men. Women are looked upon as the incarnation of sweetness, breeding, virtue and refinement. Foul breath will sick-en a man so that he cannot feel for such a woman a companionship neces sary to make him desire to be in her

sary to make him desire to be in her company.

There is absolutely no occasion for bad breath in either men or women. Charcoal, the strongest absorbent known, when taken into the stomach, will prevent this repugnant tendency or affliction.

Stuart's Charcoal Lozenges are sold

in tremendous quantities all over America and Canada. They cure and have cured all forms of bad breath. A single box will convince you of this fact. One should eat some of these lozenges after each meal and upon re-...... 103,00 tiring. You might eat fifty of them without harm. They are no medicine, but pure willow charcoal mixed with sweet honey to make them palatable and compressed into a lozenge to pretheir peculiar and lasting

strength.

The next time you wish to go into company and don't want your foul breath to humiliate you, eat several of Stuart's Charcoal Lozenges and your breath will be pure and sweet. Every druggist carries them, price 25 cents, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 200 Stuart Bldg., Marshall,

Gifts selected now will be held fo purchaser until Christmas if a small deposit is paid,
